

R6 - Collapsible Security Bollard

Rectangular bollard folds down 90 degrees flush with ground, via hinged base. Ideal for preventing unauthorised use of vehicle parking bays.

Standard Features

- Premium class design manufactured in Western Australia
- Bollard manufactured with 100x50mm Rectangular Tube
- Allows vehicle to park over the top when bollard is lowered, then raised & locked once vehicle leaves to prevent unauthorised parking from other vehicles
- Comes with padlock catch
- Corrosion resistant, galvanised steel, plastic primer & tough powder coat
- Base plate HDG treated after fabrication

Optional Features

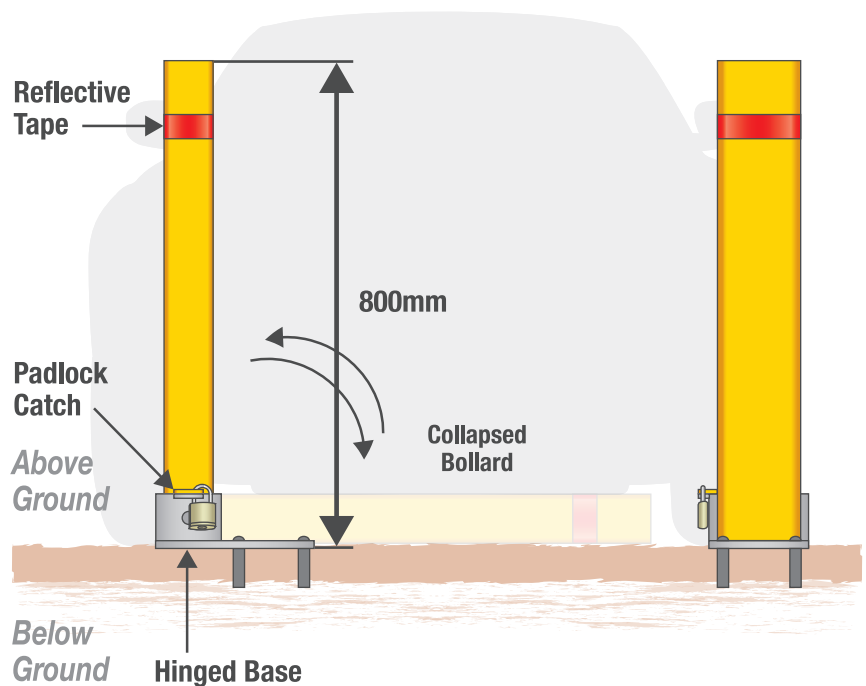

- Any height or standard RHS tube size
- Any Powder Coat colour or combination of body/base (extra costs apply)
- Padlock sold separately - can be keyed to match existing keys
- Two kinds of base plates available - for installation onto bitumen or concrete
- Stainless Steel finish in grade 304 or 316

Australian Standards

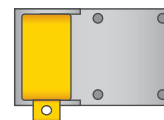

- AS 1450 Steel Tube & AS4792 HDG Coating
- AS4506-2005 & AS3754-1990 Powder Coating
- AS 1627.4-2005 Abrasive Blasting
- AS 2700 Colour Standards
